Meeting Purpose and Focus

The Digital Delivery Stakeholder Group (DDSG) is a collaborative initiative led by FHWA to coordinate and integrate various digital delivery efforts across the transportation sector.

The DDSG is an open group that brings together representatives from State Agencies, AASHTO Technical Committees, and Industry.

Transforming Highways Through Digital Delivery

The Digital Delivery Stakeholder Group (DDSG) is a national forum led by the Federal Highway Administration (FHWA) and supported by the National Institute of Building Sciences (NIBS). It brings together public agencies, industry partners, academia, and standards organizations to advance digital delivery practices across transportation infrastructure.

Digital delivery integrates data and technology across all stages of project delivery—from planning and design through construction and operations—to improve safety, efficiency, and collaboration. DDSG connects leaders and innovators across the highway community to accelerate this digital transformation and build a smarter, more resilient highways system for the nation.

Join us as we shape the future of digital project delivery.

DDSG Year 1 Review

What worked well:

- Held 3 Full meetings with over 800 registrants
- Formed Member group with 18 DOT and industry representatives with solid participation
- Established [DDSG Hub](#) for meeting and public communications
- Shared updates from key industry groups
- Transitioned to also workshopping on critical topics
- ...

What we are working on improving:

- Broadening engagement in meetings
- Identifying a DDSG co-chair
- Scheduling meetings in advance and fitting in with other related events and busy schedules
- Faster posting of materials after meetings
- Continuing to transition from reporting to exploring and advancing key topics
- ...

Annual Planning - DDSG 2026/2027 calendar

Proposed schedule:

1. Virtual meetings

- Summer – July 27, 28, 29
- Winter – week of December 13

2. In-person / hybrid meetings

- Fall 2026 - September 29 - 30 in Vienna, VA
- Spring 2027 - March with EDC/ADCMS and/or in Washington, DC

☐	AASHTO GIS-T-Chicago, IL	+	Mar 16 - 20
☐	DDSG Meeting #3	+	Mar 19 - 20
☐	Building SMART International Summit	+	Mar 24 - 26
☐	AGC Annual Convention-Orlando, FL	+	Mar 24 - 26
☐	Committee on Right-of-way, Utilities & Outdoor Advertising	+	Apr 21 - 24
☐	AASHTO Ware Connect - Des Moines, IA	+	Apr 21 - 22
☐	ACEC 2026 Annual Convention & Legislative Summit-Washington, DC	+	May 3 - 6
☐	NACTO Designing Cities Conference - Minneapolis, MN	+	May 12 - 15
☐	Committee on Bridges and Structure - Charlotte, NC	+	Jun 28 - Jul 2
☐	Committee on Maintenance - Westminster, CO	+	Jul 19 - 23
☐	Committee on Materials & Pavements - Richmond, VA	+	Aug 3 - 7
☐	AGC Technology Conference - Minneapolis, MN	+	Aug 4 - 6
☐	Committee on Design - Des Moines, IA	+	Aug 16 - 20
☐	Committee on Construction - Lake Tahoe, NV	+	Sep 13 - 18
☐	Autodesk University - Las Vegas	+	Sep 15 - 17
☐	ACEC Fall Conference	+	Oct 25 - 28
☐	BIM Week	+	Nov 2 - 6
☐	IHEEP 2026 - Austin, TX	+	Dec 6 - 10
☐	Virtual Peer Exchange Webinar - Virtual	+	Feb 5
☐	AASHTO Asset Management Committee	+	Sep 29 - 30
☐	TX DOT Peer Exchange	+	Jul 29 - 30
☐	DDSG July Meeting - Virtual	+	Jul 27 - 29
☐	DDSG September Meeting - DC	+	Sep 29 - 30

DDSG Fall 2026 Workshop Announcement

Fall 2026 In-Person Meeting

Dates: September 29 to 30, 2026 (in-person and virtual each day)

Location: National Highway Institute (NHI)

2600 Park Tower Drive, Suite 500, Vienna, VA 22180

Zoom online (meeting coordinates to follow)

Times: All times Eastern

Tuesday, September 29: 8:00 a.m. to 4:30 p.m.

Wednesday, September 30: 8:00 a.m. to 4:30 p.m.

Overview

The Federal Highway Administration's (FHWA) Digital Delivery Stakeholder Group (DDSG) will hold its Fall 2026 meeting both in-person and virtually across two days in September. This meeting will bring together transportation leaders, state DOT representatives, federal partners, and industry experts to advance the national conversation on digital delivery, open standards, and the future of interoperable transportation data.

These two full-day sessions are designed to maximize participation and collaboration in a hybrid setting. As with all DDSG meetings, this gathering is free and open to all interested parties, though registration is required. We hope you will join us.

What to Expect

During the hybrid stakeholder meeting, attendees will have the opportunity to receive updates, ask questions, and participate in discussions on the following topics:

- Updates from industry organization members on digital delivery positions and activities at the international, national, and local levels.
- Discussion of DDSG plans, upcoming workshops, schedules, and topics.
- Updates on current research projects from FHWA and the National Cooperative Highway Research Program (NCHRP) relevant to the DDSG community.
- Workshop on libraries and dictionaries, including the Central BIM Transportation Library (CBTL) and how it can support state DOT library needs, along with sharing of library and dictionary efforts at state DOTs and Pooled Funds.
- A continuation of the Information Management Process Workshop from the Spring 2026 meeting, with updates from Arizona and Oklahoma DOT and sharing from other states on their IM Process standardization efforts.
- Workshop on software and technology used by states with ADCMS grant-driven pilot projects, showing what works and what is still needed.

A detailed agenda identifying topics and speakers for each day will be posted on the DDSG Hub soon.

Who Should Attend

- State DOT leaders in digital delivery, CAD/BIM, GIS, surveying, construction, and asset management.
- Federal agency partners and program managers.
- AASHTO committee representatives.
- Technology and industry collaborators supporting digital project delivery.

Why Attend

This meeting offers a unique opportunity to:

- Connect with peers working at the forefront of digital delivery.
- Contribute to the development of national frameworks and shared resources.
- Stay informed on evolving federal priorities, open standards initiatives, and interoperability strategies.
- Influence the direction of future DDSG activities and collaboration models.

Registration

Attendance is free and open to DDSG members, stakeholders, and any industry professionals interested in advancing digital delivery in the built environment.

Registration is available now on the [DDSG Hub](#). Be sure to register for all events and download the calendar invitations to add the sessions directly to your schedule.

Venue and Accommodations

The two-day workshop will be held at the FHWA National Highway Institute, located at 2600 Park Tower Drive, Suite 500, Vienna, VA 22180. A room block for in-person attendees has been secured at the Courtyard by Marriott Dunn Loring Fairfax, located close to the NHI. Hybrid meeting details will be made available when registration opens.

Annual Planning – Meeting and Workshop Topics

- Updates and Sharing
 - Sharing and coordination on activities of key industry groups
 - AASHTO JSTAN and JTCEES committees
 - BIM for Bridge and BIM for Infrastructure Transportation Pooled Funds (TPF)
 - ACEC, AGC, ARTBA, buildingSMART, NIBS*
 - FHWA programs (ADCMS, EDC, NCHRP, R&D)
 - Others?
- Workshops
 - Information exchange standardization (IFC and related (IDM, IDS, bSDD), focus of TPFs)
 - Information management process standardization (ISO 19650, ISO 7817 LOIN, NBIMS US)
 - Shared terminology, libraries and dictionaries
 - Modeling and management applications support
 - Model as a Legal Document (MALD)
 - Asset Management and Handover (ISO 55000/55013)
 - Workforce development and training
 - Others...
